

AMADEE-15

Science Workshop and
Networking Meeting

Graz, Austria / 18+19 Feb 2016

- INVITATION -

Following the AMADEE-15 Mars analog mission at the Kaunertal Glacier in 2015, the Austrian Space Forum and the Medical University of Graz are inviting to the post-mission science workshop. This event brings together investigators from both within the AMADEE-15 science teams as well as researchers from the analog research and astrobiology community in general.

This workshop will

- provide an overview on the results of the AMADEE-15 mission experiments and
- facilitate a networking for future European analog missions with a focus on exploration technologies, astrobiology, planetary geosciences and human factors

Conveners: Gernot Groemer (Austrian Space Forum), Christine Moissl-Eichinger (Med. Univ. Graz) and Anna Losiak (Polish Academy of Sciences)

Conference location: Center for Medical Research (ZMF) at the Medical University Graz, Austria

Important Dates

- 15 Jan 2016: Abstract submission deadline (<300 words abstract)
- 01 Feb 2016: Registration deadline
- 18-19 Feb 2016: Science Workshop & Networking Meeting

Contact: Gernot Groemer, Austrian Space Forum, gernot.groemer@oewf.org

Details and Registration: amadee.oewf.org

Registration fee: 40€ (regular), 25€ (students). Students may apply for free accommodation during the conference (covered by the organizers).
